Both long and short positions apply.

7 INTEREST RATE

Interest is chargeable on debit ledger balance at a prevailing rate of 8% p.a. or such rate determined by LTS which may change from time to time. Debit balance must be settled in full within 7 days, latest in the month following the occurrence of the debit balance.

Interest is payable on a credit ledger balance at the prevailing rate based on LTS's rate for trust a/c. There will, however, be a monthly administrative charge, subject to the lower of interest earned or \$1/- for the month

Interest rate is subject to change at any time without prior notice.

8 MAINTENANCE REQUIREMENTS

<u>Margin Percentage</u>	<u>Action</u>
100%	New CFD positions cannot be initiated unless additional cash is deposited.
Below 100% (Margin Call)	Top up with cash within 2 days from date of notice so that the margin percentage is not less than 100%. Failure to top up may result in force liquidation by Company to bring the margin percentage to not less than 100%.
Below 75% (Force Closure)	Liquidate the outstanding CFD position without further notice.

$$\text{Margin Percentage} = \frac{\text{Total Equity}}{\text{Initial Margin}} \times 100\%$$

$$\text{Total Equity} = \text{Ledger}^* \pm \text{Unrealised Profit/Loss} - \text{Accrued Finance Charged} - \text{Accrued Debit Interest}$$

Initial Margin refers to the minimum amount required to open CFD positions.

* Ledger Balance = Cash Deposit – Commission – Realized Finance Charge +/- Realized Profit/Loss +/- Realized Credit/Debit Interest

Note:

In addition to the above, Ledger Balance must be at least 50% of Initial Margin for any open positions. For cash withdrawal, both Ledger Balance and Total Equity must be at least 100% of Initial Margin after withdrawal.

9 CORPORATE ACTION

Dividends

The CFD account will be credited the net dividend for long positions and debited the gross dividend for short positions.

Other Corporate Actions

Tradable rights issues, bonus issues (excluding warrants), stock splits and reverse stock splits relating to the underlying security will be separately reflected as new positions in the CFD account. There will be no subscription of rights CFDs.

For other corporate actions, you are required to close the open CFD positions as follows:

Long CFD position : 3 market days before ex-date
Short CFD position : 7 market days before ex-date

Notwithstanding the above, LTS reserves the right to close all open positions before the ex-date for any corporate actions relating to the underlying security.
