Lim & Tan Securities Pte Ltd

Getting started : In-app help

Upon first login, you will see an in-app assistance page. The drawings indicate what each symbol, field or logo does. Touch anywhere on the screen to exit.
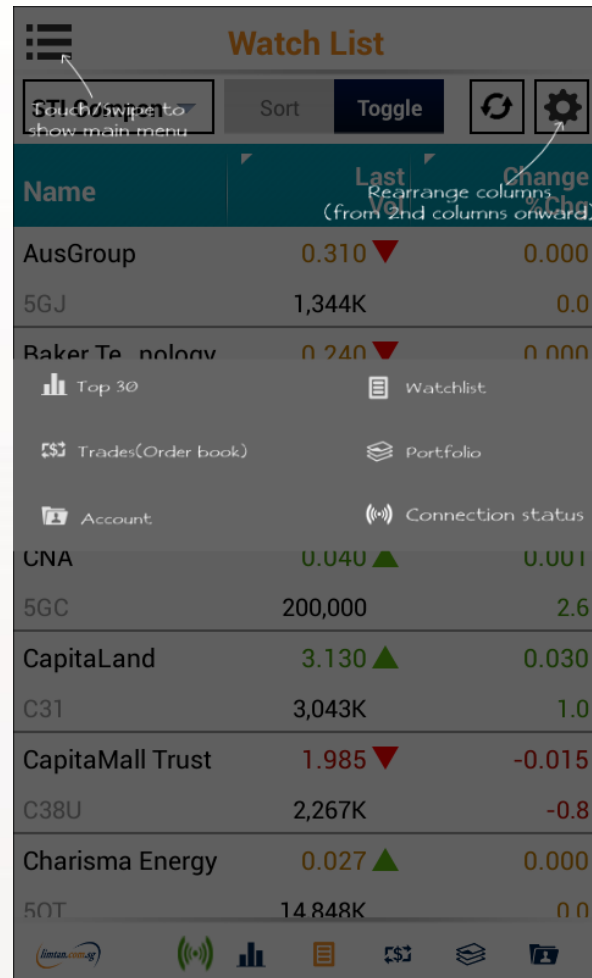

Getting started : Settings

To re-display the help screen, go to Settings.
You can set the first screen that you would like to see upon login and other settings here.

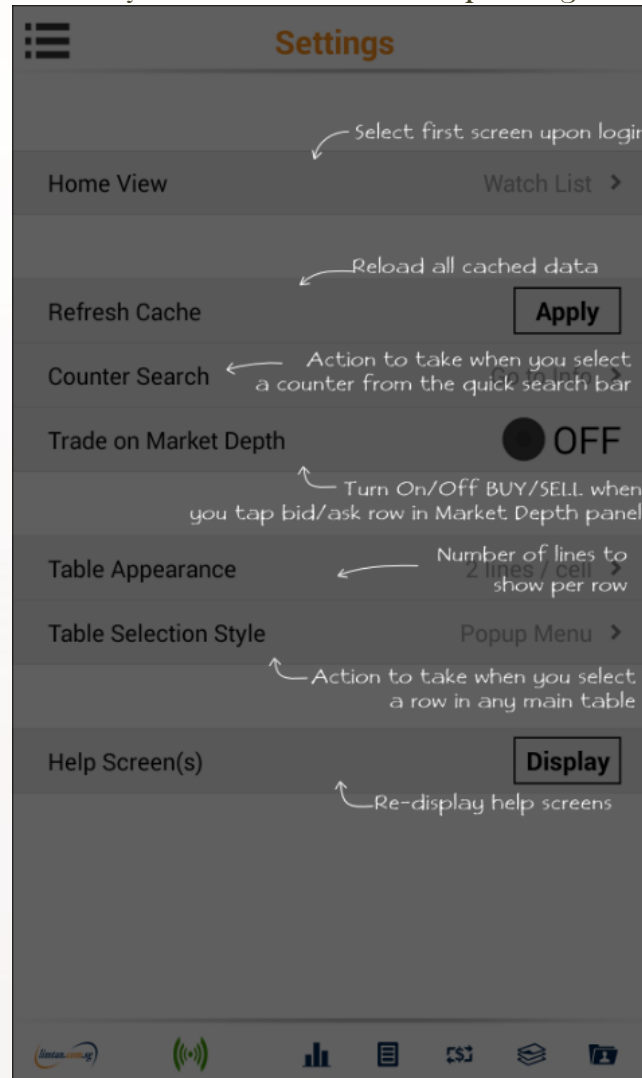

Actions available:
- Go to Buy/Sell
- Go to counter info

Market Depth
If you have subscribed to Market Depth for the Internet Channel, you will also be able to access this function on the iPhone.

If you have not subscribed to Market Depth, you may do so by using the Internet Channel. Select Market Depth under our limtan loyalty reward redemption catalogue using loyalty points or payment by cash.

Trade on Market Depth:
When this feature is switched on, you may click on the Bid / Bid Vol / Ask / Ask Vol column in Market Depth to bring up an order ticket with the bid / ask price clicked

Place order: Basic

For placing Basic Order: Basic page, limit orders can be placed. Select your Account, Action, insert Price, Quantity, Settlement Ccy and Mode. Key in your password and touch submit.

Please note that the Price data on Place Order screen is shown as a snapshot of price.

'Basic' is the default selected page.

Order Type by default is 'Limit'.

7. Tap Submit button to submit order.

1. Select your Account (Click [i] to view your limits)

2. Select type of Action

3. Key Price and Quantity

4. Select Mode of payment and Settlement Currency for counters traded in foreign currency

5. Select 'Yes' to place order and submit a price at a stipulated bid size level*

6. Key in your online trading account password

LIM & TAN SECURITIES

Online Trading
Lim & Tan Securities Pte Ltd

Place order: Time-In-Force

Time-In-Force, Conditional and Stop Loss order pages allow you to select the Validity of the order – DAY, FAK, FOK, GTD, GTM. The main difference between Time-in-Force vs Conditional and Stop Loss is that there is no Order Triggering Condition (ie. Price, Session & Stop Price)

1. Select 'Time-in-Force'

2. Select your Account
(Click [i] to view your limits)

3. Select type of Action

4. Key Price and Quantity

5. Select Order Type:
Limit, Market, Market to Limit

6. Select Mode of payment and Settlement Currency for counters traded in foreign currency

7. Select Validity of Order:
Day, FAK, FOK, GTD, GTM

8. Select 'Yes' to place order and submit a price at a stipulated bid size level*

9. Insert your online trading account password

10. Tap Submit button to submit order.

Please click here for Advanced Orders FAQ

Place order: Conditional

At this page, order is placed upon Order Triggering Conditions: Price & Session.

1. Select 'Conditional'

2. Select your Account
(Click [i] to view your limits)

3. Choose the mode. Selecting 'Session' will enable you to choose either the Pre-Close or Open sessions to place your trade

When Price is selected for 'Mode', the following selections will be available:

4. Select your condition based on 'Best Ask', 'Best Bid' or 'Last Done Price' here

5. Your Price condition may be either 'Greater / Equal' or 'Less / Equal'

6. Follow steps 3 to 10 on page 12 to submit your order

Please click here for Advanced Orders FAQ
