You can create filters by Account, Market, Counter, Order Type or Mode.

Tap Filter to create your own filters.

The screenshot shows the 'limtan.com.sg' trading platform interface. At the top, there's a header with the logo, a 'Filter' button, a 'Today' dropdown, and a search bar for 'Counter'. Below the header is a table with columns: Name, Action, Status, Account, Submit Time, Exchange, Order Type, and Validity. The first row shows 'Biosensors' with a 'Buy' action, 'RQ' status, and 'Limit' order type.

An 'ORDER FILTER' dialog box is open in the center. It has several sections:

- Account:** A dropdown menu.
- Counter:** A dropdown menu currently set to 'All', with a search bar labeled 'Counter'.
- Order Type:** A dropdown menu currently set to 'All'.
- Mode:** A dropdown menu currently set to 'All'.
- Reset:** A button.

Below the 'Mode' dropdown, there's a list of order types: 'All' (checked), 'Auction', 'Auction Limit', 'Conditional Price (L)', and 'Conditional Price (M)'. A callout box points to this list with the text: 'These Order Types are applicable to Hong Kong Stocks only'.

Another callout box points to the 'Counter' dropdown with the text: 'Select the type of counter from the drop down list.' This callout shows a list of counters: 'All' (checked), 'SGX', 'SGXO', 'HKG', and 'NYS'.

Portfolio

In the page, you can see your trades from all accounts summarised by counters. Trades made from other online channels can also be viewed here. Selecting a counter will show all the trades for that counter.

The screenshot displays the Limtan.com.sg website interface. The top navigation bar includes the logo, a login timestamp (06-May-2014 17:24:40), and a search bar labeled 'Counter'. The main content area is divided into two primary sections: 'Unrealised Portfolio' and 'Realised Portfolio'.

Unrealised Portfolio: This section shows a list of accounts and their associated positions. A dropdown menu is open, showing 'All Accounts' (selected), 'Margin', and 'Cash'. The table below lists various positions, including '01/09/2013', '09/09/2008', '26/06/2012', '26/07/2012', '18/09/2010', and '20/01/2011', along with their respective quantities and values. A 'Total' row is also present.

Realised Portfolio: This section displays the transaction history for the selected account. The table shows the following data:

Date	Ref	Ccy	Action	Price	Qty	Amt
22/01/2011		SGD	Buy	0.500	2,000	1,000.000
22/01/2011		SGD	Buy	0.200	3,000	500.000

Realised Portfolio-
Only trades that have closed are shown

Portfolio: Important Note

The portfolio does not necessarily mirror the holdings in your CDP, CFD, Margin or SRS Investment Accounts.

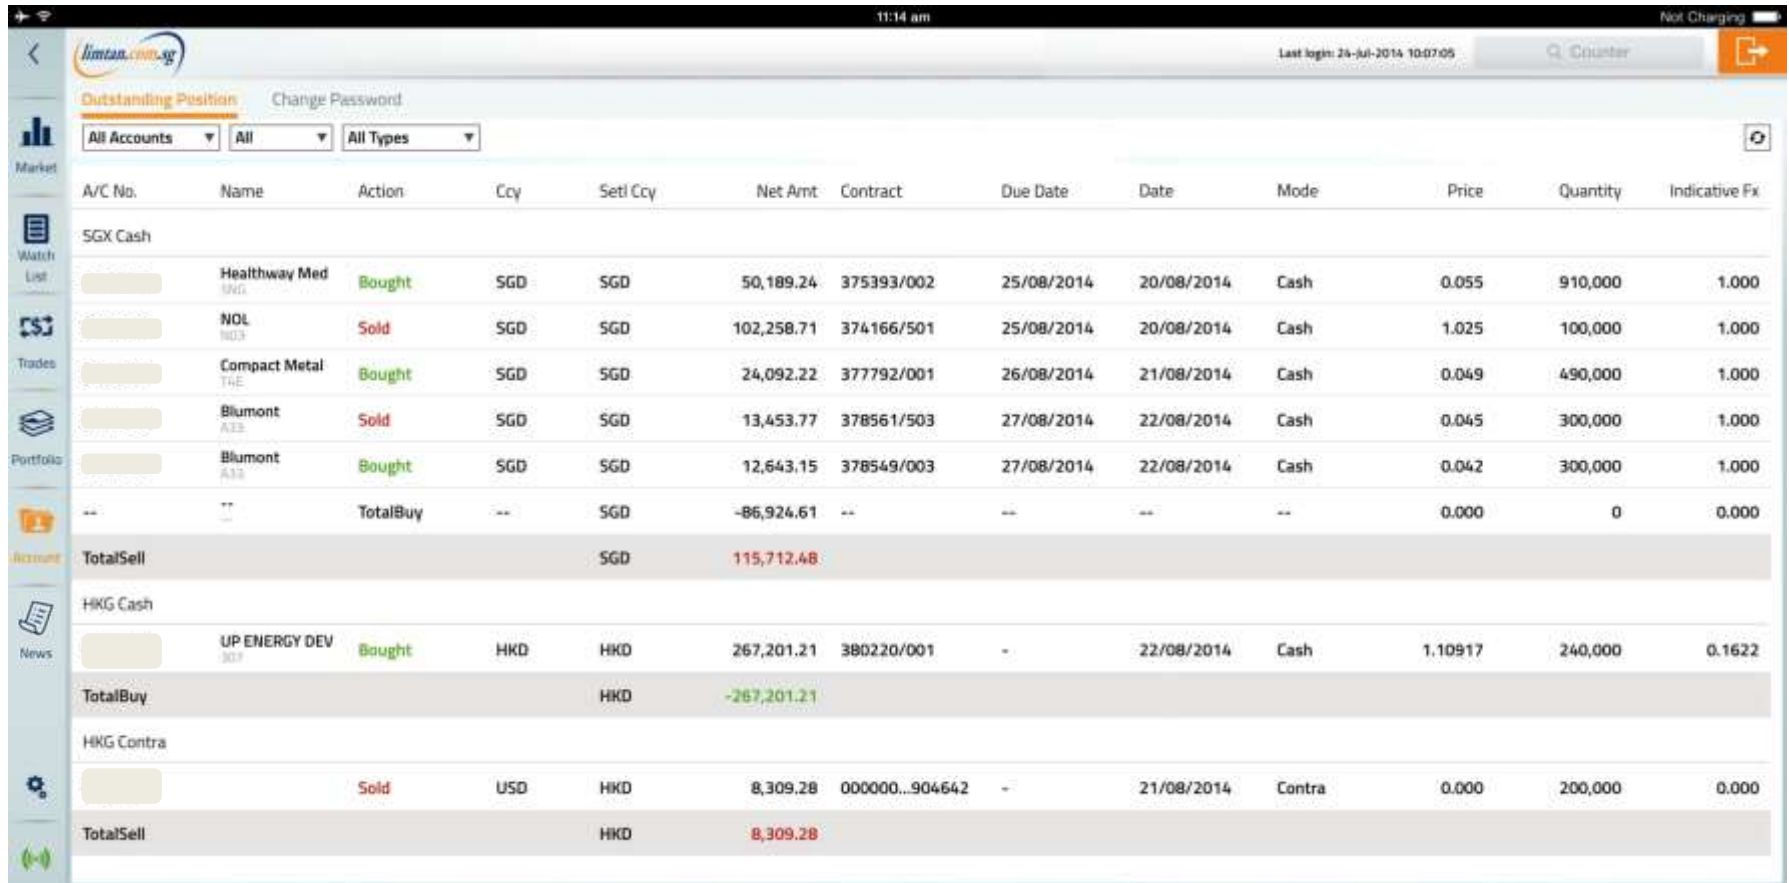

Please ensure you check your holdings before selling.

Shareholdings in the Portfolio will not be adjusted for Corporate actions. You will need to adjust for Corporate action manually.

Buy contracts will be automatically nett off against sell contracts of the same counter on a FIFO (first-in-first-out) basis. Nett off positions can be viewed under Realized P/L.

Account page

The account page will show your various accounts and position.

The screenshot displays the 'Outstanding Position' section of the Lim Tan Securities account page. The interface includes a top navigation bar with the company logo, a search bar, and a 'Counter' button. Below the navigation bar, there are filters for 'All Accounts', 'All', and 'All Types'. The main table lists various trading positions with columns for A/C No., Name, Action, Ccy, Settl Ccy, Net Amt, Contract, Due Date, Date, Mode, Price, Quantity, and Indicative Fx. The table is organized into sections for SGX Cash, HKG Cash, and HKG Contra, each with a 'TotalBuy' and 'TotalSell' summary row.
