USER GUIDE

Thank you for choosing to trade through our Online Trading System, limtan.com.sg.

1. LOGIN

Enter your Login ID (usually a 7-digit numeric client code) followed by your password to login. Your new password must be between 10-12 characters in length and contain a mix of only alpha-numeric characters.

For security reasons, you will be required to enter your Two-Factor Authentication (2FA) via the LTS OTP/SMS OTP/ Email OTP. If this is your first time logging in, you will need to register for 2FA first.

2. NAVIGATION OF THE WEBSITE

Upon login, this is what you will see. Right click on a stock counter on the main menu and a submenu will be shown. Select the feature that you wish to access and left click.

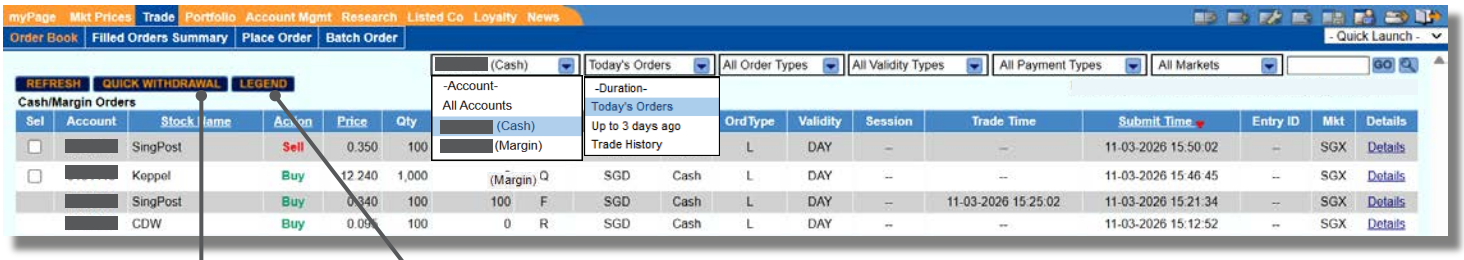
Shows the indicative exchange rate for settlement of non SGD denominated shares

Tick 'Force' to place order and submit a price at a stipulated bid size level*

*Bid limits vary for different products. Refer to limtan.com.sg for details on Force Key.

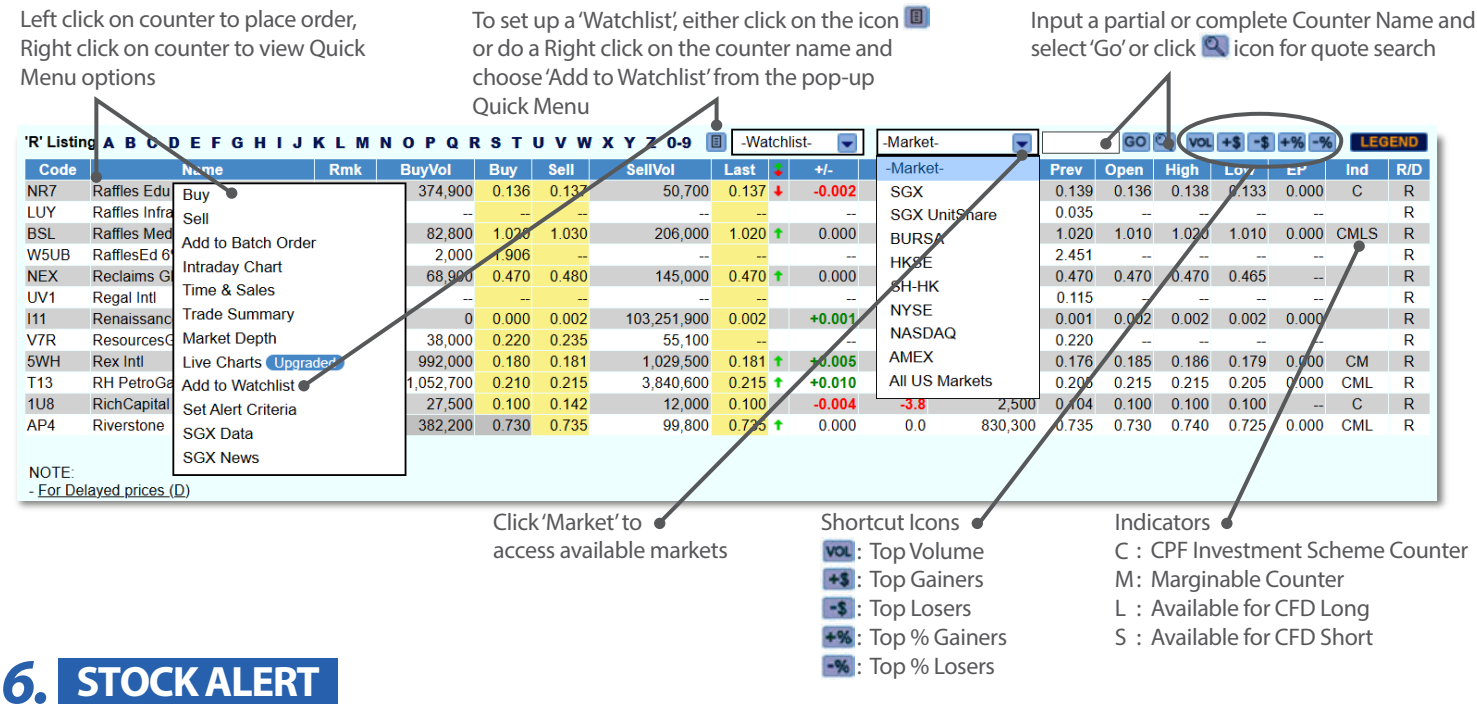
4. ORDER STATUS

To check the status of orders that you have placed, click on 'Trade', then 'Order Book'. You can view your orders placed for the day as well as your trade history.



5. WATCHLIST

You can easily keep track of your favourite stocks using the 'Watchlist' feature by creating up to 10 different 'Watchlists'. A total of 50 counters can be added to each watchlist.



6. STOCK ALERT

This feature allows you to set daily stock alerts which will inform you when your chosen stocks reach the prices that you specify. You may choose to receive the alerts via SMS, email or on-screen pop-up.

There are 2 ways to access Stock Alerts screen.

1. Select 'Mkt Prices', followed by 'Alert Criteria'.
2. Right click on name of the counter, then select 'Set Alert Criteria'.

To receive email/SMS alerts, you will need to configure your contact details. Click the icon on the right-hand-side of the menu and choose 'Configure Alert' to update your email/contact details.

SMS alerts are subject to subscription. Please refer to the 'Loyalty' menu from the main menu selection.

7. MYPAGE

'myPage' customisation allows you to name your page, customise the viewing, colour and layout of each page. The facility allows you to customise up to 3 separate pages containing your preferred trading screens (Pagelets).

Add Pagelet

1. Click on the icon and there will be a drop down list of available Pagelets.
2. Click and drag desired Pagelet to place it on 'myPage'.
3. The Pagelet can be moved around by clicking and dragging the Pagelet to another part of the screen.

Add Page

Add Page allows you to create another Pagelet page to setup your own trading screens

Customise Page

Customise Page allows you to name your page and configure the column width. You can configure up to three columns of display for each 'myPage' page

Tip

You can perform a 'Broadcast' function by doing a 'Double Left Mouse Click' on the counter row. This function is a short-cut that loads all relevant Pagelets with the counter information

Save Page

After you have finished setting your preferred trading layout, remember to click on the icon to save it
